

Hi there! Gardiner Public Library Director Justin Hoenke here with some updates about what's going on at the Gardiner Public Library.

2022 has been an exciting year for the Gardiner Public Library. More and more people are coming to visit the library to take advantage of the many resources we offer to all community members. The open hours of the library are back to our pre-COVID hours and we're now open every Tuesday night until 7:30PM. We've got tons of events happening every week for all ages, including our weekly story times, after school events for teens, and more. If you can't make it into the library in person, we've got our Digital Library to keep you engaged. With streaming services like Hoopla, cloudLibrary, and much more, there's always an audiobook, a movie, or an eBook waiting for you to enjoy. We have quite an inventory of Museum & Park passes that you and your family can borrow that will give you a chance to get out of the house and create some magical memories. And finally, we're still a part of the Minerva library system, a Maine cooperative that gives all library members access to 60 libraries and over 6 million items across our great state. If we don't have it in our building, we sure can find it for you somewhere!

Thank you to the wonderful residents of Randolph! We are so thankful to have you as part of our library family. If there's anything we can do for your community, please let us know. We are all in this together. From myself and everyone at the Gardiner Public Library, we wish you nothing but happiness & joy in your life. Hope to see you at the library soon!
